At this meeting, the Committee will discuss next steps in assessing current Federal nuclear waste policies. Potential ideas for publicizing Advisory Opinions published by the Full Panel will

be discussed. Representatives from Holtec International will discuss the company's plans for long-term monitoring and aging management of spent fuel storage systems, such as those currently used at the Vermont Yankee site.

The Committee meeting will run no more than 2 hours. Due to the broad scope of the several topics to be discussed by the Committee, opportunities for members of the public to speak during the meeting may be limited. Members of the public are encouraged to provide written questions and comments in advance via VT NDCAP's email address at [PSD.NDCAP@vermont.gov](mailto:PSD.NDCAP@vermont.gov). All emails sent to the Committee become public record and may be published on the VT NDCAP website (<https://publicservice.vermont.gov/electric/ndcap>) or the Committee's webpage.

Further information regarding the Committee's activities to date is available online at the Committee's webpage:
