As of May 29, 2024, 218 Vermont municipalities belong to one or more Communications Union Districts (CUD). This represents 77% of Vermont's population reported in the 2020 Census. They represent 96% of the unserved E911 site locations. CUDs allow two or more towns to bond together as a municipal entity for a means of building communication infrastructure together. See Title 30: Public Service, Chapter 82: Communications Union Districts in Vermont state statutes. Other types of municipal districts include Solid Waste Districts, Consolidated Sewer Districts, etc.
