**11. Department of Commerce Financial Assistance Standard Terms and Conditions
Section B.06 Indirect or Facilities and Administrative Costs:**

The Recipient will be reimbursed for indirect or F&A costs in accordance with 2 C.F.R. § 200.414 and Section B.06. of the Department of Commerce Financial Assistance Standard Terms and Conditions, dated November 12, 2020.

If an indirect cost rate has not been established, and the Department of Commerce is identified as the cognizant agency for indirect costs in accordance with 2 C.F.R. § 200.1, “Cognizant agency for indirect costs,” within 90 calendar days of the award start date, the Recipient must electronically submit to gmdaudit@nist.gov the documentation (indirect cost rate proposal, cost allocation plan, etc.) necessary to allow the Department of Commerce (through NIST or through another Commerce agency) to perform an indirect cost rate proposal review. Organizations that have previously established indirect cost rates with the Department of Commerce, including with one of its agencies, must submit a new indirect cost rate proposal for indirect costs within six months after the end of the organization’s fiscal year.

If your submission includes Personally Identifiable Information (PII) or Business Identifiable Information (BII), please send an email to gmdaudit@nist.gov to request a secure link.

The requirements for determining the relevant cognizant agency and for developing and submitting indirect (F&A) cost rate proposals and cost allocation plans are contained in 2 C.F.R. § 200.414 and in Appendices III-VII to 2 C.F.R. Part 200. For additional guidance on preparing indirect cost proposals, please review the Department of Labor’s Guide for Indirect Cost Determination at: <https://www.dol.gov/oasam/boc/dcd/np-comm-guide.htm>. [Section I.B](#) and [I.C](#) lists the various types of indirect cost rates and the circumstances under which such rates would apply. The guide also addresses common indirect cost problems and contains useful FAQs.

12. Infrastructure Investment and Jobs Act:

The Recipient must comply with the terms of the Infrastructure Investment and Jobs Act (Infrastructure Act), Public Law 117-58 (Nov. 15, 2021), Division F, Title I – Broadband Grants for States, District of Columbia, Puerto Rico, and Territories, including the terms of section 60102 of that title, which establishes the BEAD Program. The General Terms and Conditions for the BEAD Initial Planning Funds are incorporated by reference into this award.

NIST Financial Assistance Award Number: 50-20-B138

Amendment: NEW

Recipient: Vermont Agency of Administration

14. BEAD Program Sequencing:

As described in the NOFO, the BEAD Program has several application steps and phases to the award, the timing of which are as follows:

- (a) Letter of Intent
- (b) Request for Initial Planning Funds
- (c) Five-Year Action Plan—Due **08/28/2023**.
- (d) Program Fund Allocation and Notice of Available Amounts—To be made on or after the date on which the Federal Communications Commission publishes the Broadband DATA Maps, once NTIA determines the BEAD Program allocations
- (e) Initial Proposal—Due no later than 180 days from the date of issuance of the Notice of Available Amounts
- (f) 20 Percent Funding Release—Upon approval of the Initial Proposal by the Assistant Secretary, NTIA will make available to the Eligible Entity not less than 20 percent of the total grant funds allocated to the Eligible Entity
- (g) Final Proposal—Due no later than 365 days from the date the Assistant Secretary approves the Initial Proposal.

The Recipient of this initial funded award action has completed the steps associated with the submission of a Letter of Intent and the Request for Initial Planning Funds. Funding associated with this action may only be used for the specific planning and pre-deployment activities outlined in that request, consistent with the planning activities contemplated by the NOFO and described in special award condition no. 15.

Future award actions associated with the release of additional funding to implement other phases of the project will include additional specific award conditions concerning the use of funds and other requirements associated with those phases, such as, but not limited to, environmental and national historical preservation requirements, and provisions implementing the Buy American, Build America Act.

15. Allowable Uses of Initial Planning Funds for the BEAD Program:

The purpose of the Initial Planning Funds is to support the Eligible Entity's broadband planning efforts, including creating the required five year action plan and capacity development programmatic efforts to support its execution of the BEAD program, as outlined in Section IV.B.2 of the NOFO. The NOFO allows for the use of the initial planning funds only for the following activities:

- (a) Research and data collection, including initial identification of unserved locations and underserved locations consistent with the rules, regulations, and processes the Commission has established for making these determinations in the Broadband DATA Maps;
- (b) The development of a preliminary budget for pre-planning activities;

NIST Financial Assistance Award Number: 50-20-B138

Amendment: NEW

Recipient: Vermont Agency of Administration

- (c) Publications, outreach, and communications support related to broadband planning, deployment, mapping, equity and adoption;
- (d) Providing technical assistance to potential subgrantees, including through workshops and events;
- (e) Training for employees of the broadband program or office of the Eligible Entity or employees of political subdivisions of the Eligible Entity, and related staffing capacity or consulting or contracted support to effectuate the goals of the BEAD Program;
- (f) Establishing, operating, or increasing capacity of a broadband office that oversees broadband programs and broadband deployment in an Eligible Entity;
- (g) Asset mapping across the Eligible Entity to catalogue broadband adoption, affordability, equity, access and deployment activities occurring within the Eligible Entity;
- (h) Conducting surveys of unserved, underserved, and underrepresented communities to better understand barriers to adoption;
- (i) Costs associated with meeting the local coordination requirements in Section IV.C.1.c of the BEAD NOFO, including capacity building at the local and regional levels or contracted support;
- (j) Reasonable post-NOFO, pre-Initial Planning Funds expenses in an amount not to exceed \$100,000 relating to the preparation of program submissions to NTIA (such as the Letter of Intent) or adding additional capacity to State or Territorial broadband offices in preparation for the BEAD Program may be reimbursed if they were incurred after the publication date of the NOFO and prior to the date of issuance of this grant award from NTIA (such pre-award expenses must be approved by NTIA and the Grants Officer in writing to be considered allowable); and
- (k) Other uses approved in advance in writing by the Assistant Secretary (including in response to an Eligible Entity's request) that support the goals of the Program.

Entities that wish to request other uses of funds must submit such requests via email to UGAM@nist.gov for consideration by the Assistant Secretary. Work may not begin, nor costs incurred for requested activities until written approval is provided by the NIST Grants Officer.

Under no circumstances may planning funds awarded via this action be used for any construction or ground disturbing activities, or the build out of any infrastructure.

16. Ineligible Costs

Regardless of the award phase under the BEAD Program, profits, fees, or other incremental charge above actual cost incurred by the Recipient or subgrantee(s) are not allowable costs under this Program.

Additionally, the Recipient or subgrantee(s), including contractors or subcontractors of subgrantees, may not use funds received under the BEAD Program to:

NIST Financial Assistance Award Number: 50-20-B138

Amendment: NEW

Recipient: Vermont Agency of Administration

- (a) Purchase Covered Communications Equipment or Services, as defined in Section 9 of the Secure and Trusted Communications Networks Act of 2019 (47 U.S.C. § 1608); or
- (b) Directly or indirectly support or oppose collective bargaining.

17. Five Year Action Plan Requirements:

A five year action plan is required to be submitted to NTIA within 270 days of the award start date authorizing planning funding and is due by **08/28/2023**. This plan must (a) be informed by collaboration with local, regional, and Tribal (as applicable) entities, as well as unions and worker organizations, (b) detail the Eligible Entity's investment priorities and associated costs, and (c) align the State or Territory's planned spending with its economic development, community benefit, workforce, telehealth, digital equity, and other related efforts.

Minimum requirements for the action plan are identified in the NOFO. Additionally, NTIA will make a template available to Recipients on the [NTIA Grants Portal](#). Recipients are not required to use this template as long as the proposed plan addresses the minimum requirements of the Infrastructure Act and NOFO.

18. Period of Performance and Funding Limitations:

Due to the nature of the BEAD program and its associated phases, the approved scope of work and the associated budget of each phase will evolve over the life of the award. As a result, the period of performance and funding limitations will also increase over each phase of this program. To accommodate this overall program structure, this specific award condition will be revised in future funding actions to take into account the needs of each phase and its impacts to the period of performance and funding.

The scope of work and budget incorporated into this award action cover only the planning phase of the BEAD program with an initial period of performance from **12/01/2022 to 11/30/2027** (referred to as the "project period"), for a total of **\$5,000,000** in Federal funds.

Receipt of any funding beyond what is specified at this time up to the level projected under this award is contingent upon the availability of funds, satisfactory performance, and continued relevance to program objectives, and will be at the sole discretion of NTIA and NIST. The Grants Officer may require additional clarification to support the budget. If that results in changes to the budget or budget narrative, the Recipient must submit, in writing, a revised budget and/or budget narrative to the Grants Officer for approval.

The Recipient may not obligate, incur any expenditure, nor engage in any activity that

NIST Financial Assistance Award Number: 50-20-B138

Amendment: NEW

Recipient: Vermont Agency of Administration

involves a commitment of Federal funds under this Agreement in excess of the Federal amount presently available. Should such an excess obligation, expenditure, or commitment occur, no legal liability will exist or result on the part of the Federal Government for payment of funds.

No legal liability exists or will result on the part of the Federal Government for payment of any portion of the remaining funds, which have not been made available under this award. If additional funds are not made available, any allowable expenses incurred related to termination or closeout activities must be funded from the amount already made available under this award.

As described in the NOFO, on or after the date that the Broadband Data Maps are made public and NTIA determines the BEAD Program allocations, the Assistant Secretary will notify each Recipient of the estimated amount of funding that NTIA will make available to the Recipient and invite submission of an Initial Proposal and Final Proposal.

The notice of availability or non-availability of additional funding for subsequent funding or budget periods will be made in writing by the Grants Officer after the submission of the Initial and Final Proposals and their subsequent review and approval by NTIA and NIST. Only the Grants Officer is authorized to obligate funds. No other verbal or written notice should be relied upon by the Recipient. In the absence of a written notice of additional funding by the Grants Officer on Form CD-451, "Amendment to Financial Assistance Award," no assumption should be made by the Recipient that the funds will be forthcoming.

21. Federal and Non-Federal Cost Sharing:

The BEAD Program requires non-federal cost sharing/local match, however the cost share requirements do not apply to the initial planning phase of funding associated with this award action. This specific award condition will be updated and revised to incorporate cost share requirements in future funding actions, as applicable.

22. Change in Funded Project Participant

Any change to the Administering Entity designated in the Letter of Intent and approved under this award requires prior written approval by the Grants Officer.

23. Supplanting of Funds

24. Administrative Expenses

The Recipient may not use more than two percent of the grant amounts received under the BEAD Program for expenses relating (directly or indirectly) to the administration of the grant, in accordance with Section 60102(d)(2)(B) of the Infrastructure Act. This requirement does not apply to the planning phase of funding awarded with this action and this specific award condition will be updated and revised in future funding actions to incorporate these requirements, as applicable.

25. Restriction on Human Subjects Research Work and Costs Incurred

BEAD grant recipients must comply with Department of Commerce (DOC) regulations relating to the protection of human subjects for all research conducted or supported pursuant to an NTIA grant award. The DOC regulations related to the protection of human subjects are found in 15 C.F.R. Part 27.

The [Human Subjects Research Guidance \(posted August 29, 2022\)](#) (HSR) for the Broadband Equity Access and Deployment (BEAD) Program is incorporated by reference into this specific award condition and identifies three HSR classification categories: Category 1 – Not Conducting Human Subjects Research, Category 2 – Exemption Request, and Category 3 – Human Subject Research Non-Exempt.

To satisfy the BEAD HSR requirements, recipients must submit, no later than 45 calendar days after the award start date, (via email to UGAM@nist.gov with a copy to their BEAD FPO), a letter or memorandum addressed to the Grants Officer that provides the following information:

NIST Financial Assistance Award Number: 50-20-B138

Amendment: NEW

Recipient: Vermont Agency of Administration

- a. Which HSR classification category is applicable; and
- b. Examples of planned BEAD project activities that justify inclusion in that category.

If a project requires a human subjects research exemption request (Category 2) or IRB approval for non-exempt human subjects research (Category 3), research activities involving human subjects are not authorized to start under this award until the appropriate documentation, as set forth by the DOC Standard Terms & Conditions (dated November 12, 2020) Section G.05.i.3, is approved in writing by the Grants Officer.

If a recipient conducts human subjects research before receiving NTIA approval of an exemption or before receiving IRB approval for non-exempt research, recipients will be considered in material non-compliance with award terms and conditions, and any costs incurred to conduct the research may be disallowed.

Notwithstanding the above prohibition on starting human subjects research, work may be initiated, or costs incurred and/or charged to the project for protocol or instrument development related to human subjects research.

Sample HSR memos are available in the Human Subjects Research Guidance (posted August 29, 2022), *Guidance for Human Subjects Research Protection*.

After the award start date, the NIST Grants Officer (on behalf of NTIA) may contact the Recipient to arrange a project management conference. The purpose of the project management conference is to explain to the Recipient its responsibilities for administration of the award, including its responsibilities with respect to the Terms and Conditions of the award and applicable Federal requirements.

2. Property Trust Relationship and Public Notice Filings for Grant-Acquired Property

In accordance with 2 CFR § 200.316 (Property trust relationship), real property, equipment, and intangible property, that are acquired or improved with a Federal award must be held in trust by the non-Federal entity (*i.e.*, Recipient or Subrecipient) as trustee for the beneficiaries of the project or program under which the property was acquired or improved. This trust relationship exists throughout the duration of the property's estimated useful life, as determined by the Grants Officer in consultation with the Program Office, during which time the Federal Government retains an undivided, equitable reversionary interest in the property (Federal Interest). The non-Federal entity must comply with all use and disposition requirements and restrictions as set forth in 2 C.F.R. §§ 200.310 (Insurance coverage) through 200.316 (Property trust relationship), as applicable, and in the terms and conditions of the Federal award.

The Grants Officer may require a non-Federal entity (*i.e.*, a Recipient or Subrecipient) to execute and to record (as applicable) a statement of interest, financing statement (Form UCC-1), lien, mortgage or other public notice of record to indicate that real or personal property acquired or improved in whole or in part pursuant to a Broadband Equity, Access, and Deployment Program (BEAD) award is subject to the Federal Interest, and that certain use and disposition requirements apply to the property. The statement of interest, financing statement (Form UCC-1), lien, mortgage or other public notice must be acceptable in form and substance to NTIA and to the NIST Grants Officer and must be placed on record in accordance with applicable State and local law, with continuances re-filed as appropriate. In such cases, the NIST Grants Officer may further require the non-Federal entity to provide NTIA and the NIST Grants Officer with a written statement from a licensed attorney in the jurisdiction where the property is located, certifying that the Federal Interest has been protected, as required under the award and in accordance with applicable State and local law. The attorney's statement, along with a copy of the instrument reflecting the recordation of the Federal Interest, must be promptly returned to the NIST Grants Officer. The non-Federal entity may use model documentation made available by NTIA.

Without releasing or excusing the non-Federal entity from these obligations, the non-Federal entity, by execution of the financial assistance award or by expending Federal financial assistance funds (in the case of a subrecipient), authorizes NTIA and/or the NIST Grants Officer to file such notices and continuations as it determines to be necessary or convenient to disclose and protect the Federal Interest in the property. The NIST Grants Officer may

elect not to release any or a portion of the Federal award funds until the non-Federal entity has complied with this provision and any other applicable award terms or conditions, unless other arrangements satisfactory to the NIST Grants Officer are made.

3. Recipient and Contractor Compliance with Applicable Requirements

The Recipient shall comply, and must require each subrecipient or contractor, including lower tier subrecipients or subcontractors, to comply with all applicable Federal, state, and local laws and regulations. The Recipient is responsible for ensuring that all contracts, including those necessary for design and construction of the Project facilities, are implemented in compliance with the Terms and Conditions of this Award.

4. Environmental and Historic Preservation Compliance

NTIA has evaluated the allowable grant-funded activities enumerated in Section IV.B.2 of the NOFO and in Specific Award Condition (SAC) No. 15 for compliance with the National Environmental Policy Act of 1969 (NEPA) and the National Historic Preservation Act of 1966 (NHPA). The activities as described would have no potential to effect historic properties, and qualify for the following DOC Categorical Exclusions:

A8: Planning activities and classroom-based training and classroom-based exercises using existing conference rooms and training facilities.

A11: Personnel, fiscal, management, and administrative activities, such as recruiting, processing, paying, recordkeeping, resource management, budgeting, personnel actions, and travel.

At this time, no further NEPA or NHPA review is required for the expenditure of Initial Planning Funds. This determination does not apply to activities other than those allowable expenses specified in Section IV.B.2 of the NOFO and in SAC No. 15, nor does it apply to any infrastructure project implementation activities. Once planning and design activities are complete, individual projects will need to be evaluated for compliance with NEPA, NHPA, and other applicable laws, regulations, and Executive Orders prior to project initiation.

5. Domestic Preference for Procurements (Buy American)

Pursuant to 2 CFR § 200.322, the Recipient should, to the greatest extent practicable under the BEAD award, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States (including, but not limited to, iron, aluminum, steel, cement, and other manufactured products). The requirements of 2 CFR § 200.322 must be included in all subawards, including all contracts and purchase orders for work or products pursuant to this program.

6. Contracting with Small and Minority Businesses, Women’s Business Enterprises, and Labor Surplus Area Firms

Pursuant to 2 CFR § 200.321, the Recipient and its subrecipients must take all necessary affirmative steps (as described in 2 CFR § 200.321) to assure that minority businesses, women's business enterprises, and labor surplus area firms are used when possible.

7. Prevention of Waste, Fraud, and Abuse

Consistent with statutory requirements in Section 905(e)(3) of the Consolidated Appropriations Act, 2021, and the principles in 2 CFR part 200, at any time(s) during the grant period of performance, NTIA may direct a Recipient’s key personnel to take a Government-provided training on preventing waste, fraud and abuse. Key personnel include those responsible for managing the Recipient’s finances and overseeing any contractors, sub-contractors or sub-recipients (for financial matters and/or general oversight related to the grant). NTIA will provide instructions on when and how to take such training(s), and costs incurred by a Recipient relative to the training (*e.g.*, staff time) are eligible for reimbursement pursuant to the NTIA award.

Further, Recipients must monitor award activities for common fraud schemes, including but not limited to:

- false claims for materials and labor;
- bribes related to the acquisition of materials and labor;
- product substitution;
- mismarking or mislabeling on products and materials; and
- time and materials overcharging.

Should a Recipient detect any fraud schemes or any other suspicious activity, the grant Recipient must contact its assigned NTIA Federal Program Officer and the Department of Commerce, Office of Inspector General Hotline, as indicated at <https://www.oig.doc.gov/Pages/Contact-Us.aspx>, as soon as possible. Additionally, in accordance with 2 CFR § 200.113, an applicant or Recipient must disclose, in a timely manner, in writing to the Federal awarding agency or pass-through entity all violations of Federal criminal law involving fraud, bribery, or gratuity violations potentially affecting the Federal award. Non-Federal entities that have received a Federal award are required to report certain civil, criminal, or administrative proceedings to SAM.gov. Failure to make required disclosures can result in any of the remedies described in 2 CFR § 200.339. (*See also* 2 CFR Part 180, 31 U.S.C. § 3321, and 41 U.S.C. § 2313.)

8. Protection of Whistleblowers

The Department of Commerce Financial Assistance Standard Terms and Conditions are incorporated into every NTIA grant award. Section F.05 of these Terms and Conditions

states that each award is subject to the whistleblower protections afforded by 41 U.S.C. § 4712 (Enhancement of contractor protection from reprisal for disclosure of certain information).

Generally, this law provides that an employee or contractor (including subcontractors and personal services contractors) of a non-Federal entity may not be discharged, demoted, or otherwise discriminated against as a reprisal for disclosing to a person or body information that the employee reasonably believes is evidence of gross mismanagement of a Federal award, subaward, or a contract under a Federal award or subaward, a gross waste of Federal funds, an abuse of authority relating to a Federal award or subaward or contract under a Federal award or subaward, a substantial and specific danger to public health or safety, or a violation of law, rule, or regulation related to a Federal award, subaward, or contract under a Federal award or subaward.

Non-Federal entities and contractors under Federal awards and subawards must inform their employees in writing of the rights and remedies provided under 41 U.S.C. § 4712, in the predominant native language of the workforce.

A person that believes they have been the subject of retaliation for protected whistleblowing can contact the Department of Commerce, Office of Inspector General Hotline, as indicated at <https://www.oig.doc.gov/Pages/Hotline.aspx>, or the U.S. Office of Special Counsel, toll free at 1-800-872-9855.
