

Joining an MS Teams Meeting

- After clicking on the access link included in your meeting invitation, you will be sent to a screen that looks like this:

DO NOT SELECT THIS OPTION

(unless you want to wait half an hour for a software install before joining the meeting!)

Use this option to join the meeting without installing software. Use Chrome or MS Edge browsers. Safari & Internet Explorer are not fully supported by MS Teams. Please add a name when prompted so we can identify you during the meeting.

Use this option if you have an MS Teams app installed on your device. **State Employees are requested to use this option.**
