

Tenant Energy Usage Opt-Out Form

This form is to be used for properties with four or more unit holders.

In an effort to promote energy efficiency and identify energy efficiency improvement opportunities for its customers, the building owner or property manager is using energy usage data to help assess the energy performance of your building. This information will be used to encourage action to make the building more efficient, and to sustain that efficiency over time. To accomplish this, the building owner would like to request that [*Enter Utility name here*] disclose the energy consumption data for your premises to be *anonymously* aggregated with the other energy usage for the building. **This form is your opportunity to opt out of including your anonymous energy usage data in the aggregated energy profile of your building.**

If you would like to participate and allow your energy usage data to be aggregated *anonymously* with the other utility accounts in your building, you do not need to do anything with this form. However, if you would not like to include your energy usage in the aggregated data for your building, please read, fill out and sign the form below.

Utility Account Information			
Customer name (as it appears on your Utility bill)			
Premise address (as it appears on your [Utility name] bill)			
Mailing address	City	State	Zip code
Utility Service address (if different)	City	State	Zip code

By signing below, Customer represents Customer (a) is of legal age and is the authorized owner of the utility account(s) referenced above, (b) has been asked by building owner to release Customer's energy usage data, and (c) **does not** agree to release said energy usage data.

Customer Signature:	Date:
---------------------	-------
